## **1. Introduction**

### **1.1 Tier 3 Club Licensing Regulations**

The Tier 3 Club Licensing Regulations set out quality standards and procedures by which Clubs will be assessed as a basis for continuous Ground improvement. It is a modern form of regulation.

The objective of a uniformed Tier 3 criteria was first published in the FAW's Strategic Plan of 2012. The formation of the new National Game Board in September 2014 became the catalyst for the introduction of these Regulations. Following a series of taskforce meetings and ground audits, the first Tier 3 Regulations were written.

The National Game Board approved the criteria in its meeting on 13<sup>th</sup> April 2015, which was then ratified by FAW Council on 29<sup>th</sup> April 2015 and updated on 17<sup>th</sup> December 2015.

### **1.2 Benefits of Tier 3 Club Licensing Regulations**

The FAW sets the standards for the Tier 3 Club Licensing Regulations. By meeting these standards, football as a whole is acknowledging its responsibility to the community at large. The auditing of these Regulations are a transparent process that enables clubs in particular to demonstrate to all their stakeholders that they meet quality standards for their Ground.

These Regulations will help to establish benchmarking information. Clubs will be able to use this information to establish their position and to plan future quality improvement.

FAW resources will be focused on assisting clubs to meet their standards. Football will benefit from the adoption of quality management practices by the FAW.
